

NATO DEEP eAcademy presents

Summer Internship 2023

Deadline for applications: 15 July 2023

Released 16 June 2023

About

Why this project?

We are offering summer internship with flexible and individual approach. It's going to be a practical experience in a unique setting.

Online!

You don't need to travel anywhere, this internship is offered in an online format with synchronous meetings to track your progress and help you with your task.

What's DEEP eAcademy?

We are specializing in online education. The best-suited candidates would be people interested in teaching, new technologies, e-learning development, UI/UX, graphic design etc!

Learn more: deeportal.hq.nato.int/eacademy

Who can apply?

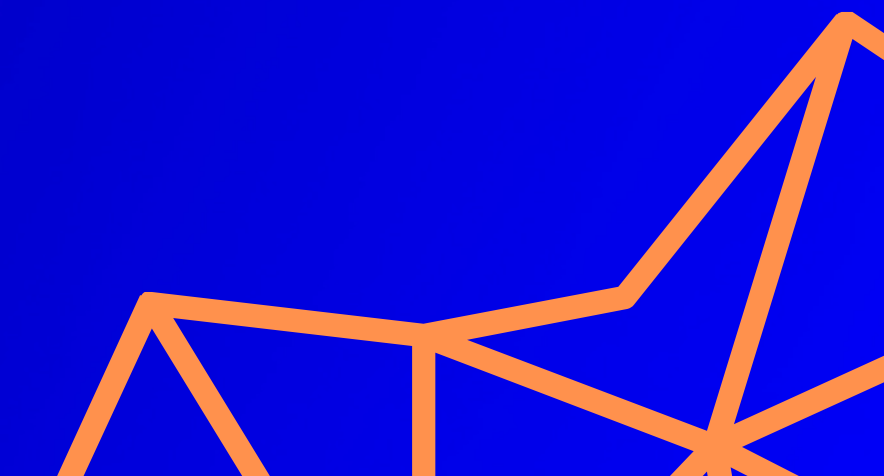

No age restrictions

**Students, young professionals,
recent graduates**

**Interested in new
technologies / e-learning**

What's the plan?

Step 1

Apply - deadline 15 July

The joining questionnaire is short and simple. Choose area you want to develop your skills in, and write short motivational letter. Then wait for our email!

Step 3

Set deadlines and deliverables

Together with the mentor, you will set up a plan for your project.

Step 2

Choose a project with your mentor

You will be connected with a mentor to choose something that interests you the most. This will be your practical task for the internship.

Step 4

Publish your project and get the certificate

Your project will gain visibility and you will acquire a certificate of completion!

Apply

Send an email to Marcin Józwiak:
marcin@deepeacademy.com

What to include?

- short CV,
- short motivational letter with idea for a project.
